

WORLD HEART
FEDERATION®

2nd Global Summit on Circulatory Health

The No.1 Killer: The Case for Urgent Action

12-13 July 2017

Suntec Singapore
Convention & Exhibition Centre

In collaboration with:

ASIAN PACIFIC SOCIETY
OF CARDIOLOGY

ASEAN FEDERATION
OF CARDIOLOGY

Supported by:

The **#1** Killer: The Case for Urgent Action

"Heart disease and stroke remain the world's foremost causes of premature death, despite being largely preventable through the mitigation of known risk factors. Diseases of the circulatory system are concentrated in low- and middle-income countries, where over 80% of premature deaths due to heart and stroke occur and where rheumatic heart disease continues to exact a vast health burden on the people and settings that can least afford it. Without swift adoption of prevention and intervention strategies, current worldwide trends indicate increased global death and disability from preventable non-communicable diseases (NCDs).

"The question the cardiovascular disease (CVD) community continues to face is:

HOW CAN WE CREATE A GREATER SENSE OF URGENCY WHEN WE'RE DEALING WITH THE WORLD'S NUMBER ONE KILLER?

"This is the rallying theme behind the World Heart Federation's 2nd Global Summit on Circulatory Health."

David Wood, President, World Heart Federation

OBJECTIVES AND EXPECTED OUTCOMES

The objectives of the Summit are to:

- 1** **Convene** and mobilize advocates in circulatory health
- 2** **Coordinate** stakeholders and policymakers around shared goals
- 3** **Campaign** for circulatory health with a collective voice and a clear message
- 4** **Catalyze** action for circulatory health through civil society and policy engagement

These objectives lead directly to the intended outcomes of the Summit, namely to:

- Foster greater **connectedness** between participants
- Issue a **collective call to action** in light of the urgent need
- Discuss **concrete next steps** for programme implementation

FORMAT AND THEMES

Through an interactive programme pairing open discussion in **plenary sessions** with **focused workshops**, the Summit aims to pinpoint both the 'what' and the 'how' of action needed to improve circulatory health.

Workshop sessions are thematically focused and **highly interactive** and will result in actionable next steps. Attendees will have the choice to participate in one of two parallel workshops aligning with each of the Summit themes:

Themes	Workshops
Knowledge exchange	<ol style="list-style-type: none"> 1. National CVD Action Plans 2. Access to essential and affordable medicines and technologies
Tools for action	<ol style="list-style-type: none"> 3. WHO Global HEARTS Technical Package and WHF Roadmaps 4. Moving towards healthier cities
Effective outreach with a powerful voice	<ol style="list-style-type: none"> 5. Political advocacy and reframing common messaging 6. Building a civil society movement including the patient voice

The **workshop sessions** feed directly in to the thematic **plenary sessions** that follow in order for lessons and results to be shared with all participants. The plenary sessions foster dialogue and interaction through a 'forum-style' format where workshop moderators,

acting as rapporteurs, will share results from the workshops and summarize the action points discussed. To maximize the potential for an open discussion, these report-back sessions from the workshops do not feature slide presentations or formal speeches.

The Summit format and content has been developed to allow for participants to:

- Learn about new developments in heart health policy while **exchanging knowledge** and experience
- Identify areas for **potential partnerships** by meeting organizations that are working towards similar goals
- Develop **strategies to advocate** for national CVD plans and discuss successful policies to tackle risk factors for CVD
- Explore how **tools** such as the WHF Roadmaps and WHO HEARTS package can help achieve their goals
- Contribute to **shaping the priorities** and common messages going into the United Nations High-Level Meeting on NCDs in September 2018

FROM MEXICO TO SINGAPORE

Building on the first Global Summit on Circulatory Health, held on the occasion of the 2016 World Congress of Cardiology & Cardiovascular Health in Mexico City, the second Summit seeks to demonstrate progress and development from the Mexico Declaration to a proposed **Singapore Action Plan**.

The guiding themes and workshop topics of the Summit programme are based on the central objectives of the Mexico Declaration in order for participants to discuss and agree on how to realise these aims through concrete next steps. During the Summit participants will collectively develop the **Singapore Action Plan**, which will encompass the priorities and actions agreed through the workshops and plenary sessions. It will serve as a call to action to all stakeholders in circulatory health for the prevention and control of circulatory diseases and the advancement of our shared goal of reducing premature cardiovascular deaths by 25% by 2025.

Through the convening of key leadership figures in civil society, policy, business, and government, we aim to foster a larger movement for circulatory health to maximize the impact the CVD community will have on key milestones in global health in 2018 and intensify our sense of urgency to tackle the world's number one killer.

Programme | Day 1 | Wednesday 12 July

08.00-09.00	Registration
09.00-10.30 Room: SUMMIT 2	OPENING PLENARY – PROGRESS TO “25 BY 25” AND UN-HLM 2018 Welcome and Introductory Remarks 09.00 - 09.10 David Wood, World Heart Federation Jean-Luc Eiselé, World Heart Federation Keynote Presentations 09.10 - 09.25 Chee Hong Tat, Ministry of Health, Singapore 09.25 - 09.50 Richard Horton, The Lancet – Why are we failing to prevent the preventable? 09.50 - 10.05 Salim Yusuf, Population Health Research Institute – Act now on what we know works 10:05 - 10:10 Video address from Michael Bloomberg , WHO Global Ambassador for Noncommunicable Diseases (NCDs) 10.10 - 10.25 Etienne Krug, World Health Organization – Progress towards 25 by 25 Douglas Bettcher, World Health Organization – Progress towards 25 by 25 Moderators: David Wood, World Heart Federation Jean-Luc Eiselé, World Heart Federation
10.30-11.00 Room: NICOLL 2	HEALTH BREAK
11.00-12.30 Room: 328	WORKSHOPS – KNOWLEDGE EXCHANGE NATIONAL CVD ACTION PLANS Panellists: Tran Quoc Bao, Ministry of Health, Vietnam Simon Baptist, Economist Intelligence Unit Truong Bui, Communities for Healthy Hearts, PATH Rohan Greenland, Asia-Pacific Heart Network Gerald Mutungi, Ministry of Health, Uganda Sandhya Singh, Ministry of Health, South Africa Moderators: Katie Dain, NCD Alliance Jack Tan, Singapore Cardiac Society
Room: 327	ACCESS TO ESSENTIAL AND AFFORDABLE MEDICINES AND TECHNOLOGIES Panellists: Richard Hobbs, World Organization of Family Doctors Michael Moore, World Federation of Public Health Associations Loise Nyanjau, Ministry of Health, Kenya

	Kathryn Taubert , American Heart Association Shizuya Yamashita , International Atherosclerosis Society Sze Yunn Pang , Hospital to Home, Philips Deborah Gildea , Novartis Moderators: Helen McGuire, PATH Jagat Narula, St. Luke’s & Roosevelt Hospital of Mount Sinai
12.30-14.00 Room: NICOLL 2	LUNCH BREAK
14.00-15.30 Room: SUMMIT 2	PLENARY – KNOWLEDGE EXCHANGE Panellists/ Rapporteurs: Katie Dain, NCD Alliance Helen McGuire, PATH Jagat Narula, St. Luke’s & Roosevelt Hospital of Mount Sinai Jack Tan, Singapore Cardiac Society Moderator: Richard Horton, The Lancet
15.30-16.00 Room: NICOLL 2	HEALTH BREAK
16.00-17.30 Room: 328	WORKSHOPS – TOOLS FOR ACTION WHO GLOBAL HEARTS PACKAGE AND WHF ROADMAPS Panellists: Susan Capps, Amgen Mohammad Daud, Ministry of Health, Nepal Werner Hacke, World Stroke Organization Daniel Lackland, World Hypertension League Dolores Manese, Ministry of Health, Philippines David Stewart, International Council of Nurses Amit Yadav, HRIDAY/ Public Health Foundation of India Moderators: Oyere Onuma, World Health Organization Karen Sliwa-Hahnle, Hatter Institute for Cardiovascular Research in Africa
Room: 327	MOVING TOWARDS HEALTHIER CITIES Panellists: Manuel Arango, Canadian Heart and Stroke Foundation Li Choo Kwek-Perroy, Manulife Fausto Pinto, European Society of Cardiology Yih Yng Ng, Singapore Civil Defense Force - MyResponder App Moderators: Fiona Bull, Centre for the Built Environment and Health, University of Western Australia Clara Chow, The George Institute

9.00-10.30 PLENARY – TOOLS FOR ACTION

Room: SUMMIT 2

Panellists/ Rapporteurs:

Fiona Bull, Centre for the Built Environment and Health, University of Western Australia

Clara Chow, The George Institute

Oyere Onuma, World Health Organization

Karen Sliwa-Hahnle, Hatter Institute for Cardiovascular Research in Africa

Keynote Presentation:

S. Subramaniam Sathasivam, Minister of Health, Malaysia

Moderator:

Richard Horton, The Lancet

10.30-11.00 HEALTH BREAK

Room: NICOLL 2

11.00-12.30 WORKSHOPS – EFFECTIVE OUTREACH WITH A POWERFUL VOICE

Room: 328

POLITICAL ADVOCACY AND REFRAMING COMMON MESSAGING

Panellists:

Beatriz Champagne, InterAmerican Heart Foundation

Mike Daube, Curtin University

Simon Gillespie, British Heart Foundation

Kui Han Sim, Minister, Cabinet of Sarawak, Malaysia

Laksmiati Hanafia, Indonesia Heart Foundation

Susanne Logstrup, European Heart Network

Moderators:

Rohan Greenland, Asia-Pacific Heart Network

Floris Italianer, Dutch Heart Foundation

Room: 327

BUILDING A CIVIL SOCIETY MOVEMENT INCLUDING THE PATIENT VOICE

Panellists:

Katie Dain, NCD Alliance

Habib Gamra, African Heart Network

John Meiners, American Heart Association

Rajakanth Raman, Rainbow Across Borders

Hung Yong Tay, Singapore Heart Foundation

Maciej Tomaszewski, International Society of Hypertension

Moderators:

Tony Duncan, Heart Foundation of New Zealand

Durhane Wong-Reiger, Canadian Organization for Rare Disorders

12.30-14.00 LUNCH BREAK

Room: NICOLL 2

14.00-14.40 CLOSING PLENARY – THE ROAD TO 2018 AND EFFECTIVE OUTREACH: BUILDING PARTNERSHIPS AND MOBILISING COMMUNITIES TO PRIORITISE CVD

Room: SUMMIT 2

Panellists/ Rapporteurs:

Rohan Greenland, Asia-Pacific Heart Network

Floris Italianer, Dutch Heart Foundation

Tony Duncan, Heart Foundation of New Zealand

Durhane Wong-Reiger, Canadian Organization for Rare Disorders

Moderator:

Richard Horton, The Lancet

14.40 – 15:30 Keynote Presentation:

Room: SUMMIT 2

Sania Nishtar, Heartfile

Keynote Statements:

Samira Asma, Centers for Disease Control and Prevention

Werner Hacke, World Stroke Organization

Etienne Krug, World Health Organization

David Stewart, International Council of Nurses

Gene Tsoi, World Organization of Family Doctors

Conclusions and Next Steps:

David Wood, World Heart Federation

Jean-Luc Eiselé, World Heart Federation

Moderators:

David Wood, World Heart Federation

Jean-Luc Eiselé, World Heart Federation
