23. CID: **NHMRC Project Grant [APP1042290]** - TEXTMEDS – TEXT messages to improve MEDication adherence and Secondary prevention. \$1,360,167, 2013-2016
24. CIC: **Western Australian Government Health Department Translation Project Grant**. Reducing cost and enhancing access to disease management after an acute coronary event. \$180,000, 2012-2014
25. CIG: **NHMRC Project Grant [1010547]** – Evaluation of a novel electronic decision support tool for cardiovascular risk management – the TORPEDO study, \$573,693, 2011-2013
26. CIC: **BUPA Private Health Insurance Project Grant**. TEXT ME – Tobacco Exercise and Diet Messages cost effectiveness study. \$264,000, 2011-2013
27. CIC: **National Heart Foundation Grant In-Aide**. Tobacco, EXercise and dieT MESSAGES (TEXT ME), \$120,000, 2011-2013
28. CIB: **HCF Research Foundation Project Grant**. CHOICE Study for secondary prevention of heart disease over 4 years. \$325,288, 2008-2011
29. CIB: **HCF Research Foundation Project Grant**. CHOICE Implementation project targeting HCF members in Northern Sydney Area Health Service. \$293,380, 2009-2011

Industry Funding

1. CIA: Sanofi Investigator Research Grant. INFLUENCE: High dose influenza vaccination for prevention of cardiovascular events. \$561,000 (2018-2019).
2. CIA: Sanofi Investigator Funding Feasibility Report. INFLUENCE: High dose influenza vaccination for prevention of cardiovascular events. \$39,800, 2017-2018
3. Co-Chair: Educational Grant from Astra Zeneca. Implementation of Secondary Prevention Summit recommendations. \$330,000, 2012-2014
4. Co-Chair: Educational Grant from Astra Zeneca. National secondary prevention of coronary disease Summit. \$91,000, 2011
5. CI-C: Investigator Initiated Grant from Bristol Myers Squibb/ Pfizer. Screening, Education And Recognition in Community pHarmacies (SEARCH-AF) for atrial fibrillation. \$91,400, 2012-2014
6. CI-D: Investigator Initiated Grant from Boeringher Ingleheim. Atrial fibrillation lifestyle project (HELP-AF). \$10,000, 2011-2012
7. CIB: Bushell Research Foundation Project Grant. Guided choice for prevention of future heart disease, \$385,000 (2007-2010).

Summary of Conference Presentations

I have been an invited speaker at scientific conferences on over 150 occasions. I have given the keynote address at the CSANZ, Cardiovascular Prevention and Rehabilitation Association (BACPR) and Australian Cardiovascular Health and Rehabilitation (ACRA) Conferences. Other International invitations European Society of Cardiology, World Congress of Cardiology, American College of Cardiology Scientific Sessions, European Atherosclerosis Society, European Nutrition Society, eCardiology Conference and New Zealand Physiotherapy Association. Nationally, I have been invited to give over 10 presentations and these include all major cardiology and prevention conferences including the CSANZ, Heart Foundation, ACRA and Health Services Research Association. I have also been an invited panel member (>40), chairperson (>50) and judge at major national and international scientific conferences. My research students/team have made approximately 400 oral and poster presentations at national and international conferences since 2014.

Examples of International Invited presentations

1. Invited presentation. Use of Digital Technology for Secondary Prevention. World Heart Federation and Great Wall Conference, China Aug 2023.
2. Climate, environment and cardiovascular health. Summary of contemporary research in climate and environment as it relates to cardiovascular health. 23/06/2023, ACNAP, Scotland, June 2023.

3. Data-driven quality improvement in preventive cardiology. Availability, density and unmet need for cardiac rehabilitation around the world. 24/06/2023. ACNAP, Scotland, June 2023.
4. Invited speaker, 9th Asian Preventive Cardiology & Cardiac Rehabilitation Conference (APCCRC), Hong Kong Convention and Exhibition Centre, 26-27 November 2022 (presented online)
5. Invited speaker, Digital health in the fight against cardiovascular disease - hype or hope? American Heart Association joint session with World Heart Federation, Nov 2022 (will present virtually).
6. Invited keynote, British Association of Cardiovascular Prevention and Rehabilitation (BACPR) Annual Conference, October 2022
7. Daily highlights session (45mins) for Australia and New Zealand, European Society of Cardiology, Barcelona, August 2022.
8. European Society of Cardiology and World Heart Federation Joint Session, speaker to launch World Heart Federation Digital Health Roadmap for Cardiology, Barcelona, August 2022
9. World Heart Federation Seminar. Influenza Vaccination: a viable strategy for CVD prevention, online May 2022
10. European Society of Cardiology, EuroHeartCare, Digital health interventions for cardiovascular disease management in primary care. Madrid, 2022
11. European Association of Preventive Cardiology. Effective communication with the patient about drugs and lifestyle modification, online May 2022
12. European Atherosclerosis Society and Italian Society for the Study of Arteriosclerosis Congress. Communication and management of ASCVD through new technologies, Milan May 2022
13. World Cardiology and Cardiac Rehabilitation Conference. Promising Growth in cardiac research, 2021
14. European Society of Cardiology, Association of Cardiovascular and Nursing and Allied Professions (ACNAP), Peer Review, Panels and Perils. online June 2021
15. European Society of Cardiology, Global innovations and technologies in CVD care, online, 2021
16. World Congress of Physiotherapy, Chair and Speaker for Physiotherapy and Global Cardiovascular Health, 2021
17. Plenary Speaker, New Zealand Physiotherapy Association, Future proofing physiotherapy in the cardiorespiratory space. Auckland NZ, Oct 2019
18. European Society of Cardiology Congress. Can an integrated digital health solution improve cardiovascular risk factors? Results of the CONNECT study, Paris, Aug 2019
19. NZ Physiotherapy Association Workshop Organiser and Presenter, Dunedin NZ, Oct 2019
20. 4th International 4 Corners of Cardiology Meeting. Melbourne, Australia, Feb 2018
21. 4th European Congress on e-Cardiology and e-Health. Novel mHealth prevention services within integrated care models, Berlin, Germany, Nov 2017
22. World Congress on Clinical Lipidology. Engaging the Patients in the Age of Social Media, Brisbane, Australia, Feb 2017
23. American College of Cardiology Scientific Sessions, Application of digital technology to prevention of CVD Washington, USA, March 2017.
24. European Nutrition Society Meeting. Invited keynote, Innovative strategies to increase uptake of and engagement with secondary prevention., Dublin, Ireland, July 2016
25. World Congress of Cardiology, Physico-chemical equivalence of generic antihypertensive medicines (EQUIMEDS), Mexico City, June 2016
26. American College of Cardiology Scientific Sessions. Opportunities for strengthening delivery of secondary prevention, San Diego March 2015
27. World Congress of Cardiology, Promoting excellence in preventive and rehabilitative care, Melb 2014
- China Asia Pacific Heart Congress, Secondary Prevention for All in Need. Beijing, Oct 2012
